## Principal's Update

**A Passion for BHS, Started as a Student Teacher at Bennett, has Led Mr. Alvarez Back to Lead Lewis J. Bennett High School**

**I have the great fortune** and opportunity to rejoin the Bennett family, as principal of Lewis J. Bennett High School. I am truly excited to continue the work with our school community to build upon the rich tradition of Bennett. I have been a member of the Bennett family through the years as a student teacher, teacher, team leader, assistant principal and now principal.

CARLOS ALVAREZ, JR.

Our school vision is *The Lewis J Bennett High School of Innovative Technology is committed to become one of the top choices for students in the BPS District. We will support the foundation of this community of learners by encouraging the critical thinking, technological and leadership skills necessary for our students to become self-directed learners who are prepared for higher education and careers. Our stakeholders -- administrators, teachers, students, families, alumni and community members -- will hold each other accountable, challenge ourselves to become better and advocate for the greater good of our technological school community.*

As we lead Lewis J. Bennett High School to new levels of success, we will focus on increasing parent and community engagement, implementing innovative technologies relating to data driven instruction and providing rigorous and relevant literacy professional development aligned to the Superintendents New Education Bargain.

Lewis J. Bennett High School will provide our students with access to innovative technology. Our students are equipped with individual laptops and have access to state of the art technology, including a ZSpace lab.

We have implemented three pathways to student success. Below are the three academic pathways that students have an opportunity to study:

**Graphic Animation and Digital Design** - Throughout the graphic animation and digital design pathway, students will learn the process and art of combining text and graphics to communicate an effective message through the design of logos, graphics, brochures, newsletters, posters, labels and signs.

**Software Development and Programming** - The software development and programming pathway prepares students for IT careers in large scale systems and software development with a solid foundation in programming. Students who enroll in this program will have the opportunity to demonstrate mastery in both basic programming languages and development of software systems. The curriculum provides an opportunity for students to explore computer science in a range of applications. Students are recognized as having the skills needed to use the latest computer and internet technology to improve the quality of software and the efficiency or operations.

**Networking and Hardware** - The networking and hardware program serves to prepare students with the essential skills necessary to solve even the most challenging technology related issues. Students will become

## News From Our President

BY IRENE MCLEISH GREENE, '57

### What an Exciting Time for Our Beloved Alma Mater and Our Students

#### My dear fellow alumni! I

couldn't be more excited to be your President during these wonderful times. Our Lewis J. Bennett High School is up and running and everything is looking positive. We are indeed fortunate to have the leadership of Principal Carlos Alvarez, Jr. and Assistant Principal Jamie Barden as we start on the journey of redefining the greatness of our school. They are both former Bennett teachers and have returned as administrators, with a passion that is defined by the blue and orange.

We are looking forward to a very progressive year of engaging our students and presenting them with many challenges. As our school grows and improves we still need your support and your help. This momentous year would not have been possible without all of your past support and enthusiasm as we worked to rebuild the program at Bennett. Whether it was through phone calls, or messages or your membership support, we roared

loud enough to still have our BEN-NETT!

Your continued financial support is more critical than ever. The Alumni Board continues to provide grants, scholarships and field trips. We have helped sponsor the Community Schools program to ensure that we can reach all of our neighbors. All of these efforts cost money, and, thanks to you, we are able to provide!

We also have great mentors for our students! You can contact Jackie Jordan if you would like to mentor!

So, my friends, we need you to help us by joining the Alumni with a membership donation. I have been a member of the Bennett High School Alumni Board for about 16 years and I would like to thank all of you for the support you have given us over the years. You have also provided us with strength, purpose and your loving dedication.

From the bottom of my heart, thank you for all you do to keep our school succeeding!

knowledgeable in computer repair, troubleshooting, and support.

As we approach the end of the first semester, it is amazing how fast the time has gone. We are working diligently to continue to recruit the best and brightest students that are interested in innovative technology. To that end, we have visited nine schools and have participated in three career fairs.

As we continue to provide our students with real world experiences, they have had multiple visits to Delaware North, one of our industry partners. In addition, students also have had the opportunity to visit college campuses. We will continue the practice of exposing our students to these experiences throughout the school year.

We had our first of three Academic Achievement Celebration ceremonies in December, which highlighted over 40 students for both academics and citizenship. Our students had an opportunity to celebrate their successes with their families and friends.

Our school has also benefited from the generosity of the Bennett Alumni Association. Your benevolence and support for our school has provided our teachers and students with mini grants. This funding allows for teachers to take students on field trips, celebrate student successes, and purchase materials for enrichment opportunities, amongst a plethora of additional opportunities that enhance the education of our students. Our students would not have these resources if it were not for you.

On behalf of our faculty, staff and students, I would like to thank you for your continued support!

Work Hard, Have Fun, Celebrate Successes... Go Tigers!!

## Briefings from the Bennett Redesign Team

**The Bennett Alumni Redesign Team** played a large role in the successful effort to save our school. It did so by writing a comprehensive plan with a new educational vision and then became politically involved until Superintendent Kriner Cash came to the Buffalo District and signaled his support for the implementation of the plan.

With the successful opening of Lewis J. Bennett High School of Innovative Technology, the work of the Redesign Team continues. Here is a brief recap of current initiatives:

- **Space Utilization:** Our campus is currently being shared by four programs: Lewis J. Bennett, Middle Early College, Research Lab and the Teacher Center. As more students are added, there simply will not be enough space for our students.
- **The Site-Base Management Team:** Members of the Redesign Team have been participating on the Lewis J. Bennett Site-Based Management Team. This is a group of students, teachers, staff, parents, administrators and alumni who meet monthly to give input into matters regarding the school and its programs.
- **Sports:** There are currently two initiatives on the Redesign Team agenda regarding sports. First, there will be a Lewis J. Bennett Crew Team. It will start this summer and be affiliated with the West Side Rowing Club. This is the start of a long-term plan to develop rowing at Bennett and make the team competitive. Secondly, we support Principal Alvarez's vision to enhance the gym/weight room complex with plaques and banners celebrating the legacy and future of our athletes. (see article on page 5.)
- **Community School:** Members of the Redesign Team represent Lewis J. Bennett by attending the Northeast Zone Community Schools monthly board meetings. The purpose of the Community School program is to have the Bennett Campus be a hub for activities that include parents, students and community members. The activities are driven by the interest of the participants. The building is open in the evening and on Saturdays for programs and includes a user-friendly Parent Center.

**A diverse group of students were recognized at the first marking period Achievement Ceremony. Students on the Merit Roll, Honor Roll and High Honor Roll were commended!**

## Making Tiger Winners Visible

**Our Principal, Carlos Alvarez**, is on a mission. He wants to enhance the gym and weight room area to reflect the achievements of Tigers - past, present and future.

The plan starts with a large Tiger paw print so that all our visitors know exactly who we are! A record board noting all the breakthrough accomplishments of Bennett athletes would be displayed.

Finally, championship banners from across the decades would be hung for each sport.

This is an ambitious project, but we can help. Imagine returning to Bennett and seeing your name on a record board or your team championship banner proudly displayed.

Mr. Alvarez envisions an unveiling ceremony with a special invitation to the Alumni. If you can help, please send a check to the **Alumni Community Foundation** marked for **Bennett Sports** to:

Bennett Alumni Association, 2885 Main Street, Buffalo, NY 14214.  
Thanks for your support! Go Tigers!

## Lewis J. Bennett Sports News

**Through the hard work** of the Bennett Alumni Association, Bennett avoided losing its sports' identity and legacy: the Tiger name has survived! In a year when Bennett only served freshmen and sophomore students, and with the participation of only six upperclassmen from other schools, the Bennett High School football team, led by Coach Steve McDuffie, and aided by an outstanding group of assistants, competed at Class AA (the highest level in Western NY Section VI).

With the efforts of former Principal Marilyn Wittman, we now can anticipate having a seat at the table when the scheduling is done and other matters affecting our sports teams are discussed.

We are all looking forward to our new on-campus weight facility, which has added updated equipment and space. This now enables our students to excel in both strength and conditioning. This will not only help the football players, but also future members of a rowing team and other sports.

The Sports Hall of Fame Committee once again invited the Football Team coaches and players to attend the 2017 Induction Ceremony. Their presence provided a mutually beneficial experience for all. A football banquet was held in January to celebrate the success of both the students and staff.

The estate of Monsignor John Zeidler has generously donated to the Alumni Association, as well as to the Sports Hall of Fame. Needless to say, this respected Bennettonian continues to this day to give back to the community he served so well throughout his life. We are so humbled that Monsignor remembered us in his will as a way of keeping our history alive!

This writer again looks forward to being on the sidelines with the committees, associations and the Football Team. The personal satisfaction gained far outweighs the efforts put forward!

# Our Bennett Campus Community School News

BY SANDRA MCADORY, SITE COORDINATOR

**Our Bennett Campus** is open until 7:30pm on Mondays and Wednesdays and until 5:00pm on Tuesdays and Thursdays. Programs and activities are also available on two Saturdays per month from 9:00am until 12:00pm. More information can be found at [www.bpscommunitycschools.org](http://www.bpscommunitycschools.org). Here's a look at what took place in the Fall!

## September

**Promoting Healthy Living!**

**Saturday Academies** started out with our welcome back to school theme where we challenged everyone to complete the obstacle course created by our partners at Canisius College.

We had over 150 attendees. Work out classes and basketball sessions really got the adrenaline going.

## October

## Halloween Costumes and Pumpkins

**We continued our** Saturday Academies with Breast Cancer Awareness and our guest presenters were from The National Witness Project. They gave presentations and testimonials on how breast cancer is affecting our communities and educated us on ways to fight against it. We concluded the month with our Harvest Celebration. The Bennett Alumni helped make this day a success by supplying pumpkins and activity supplies that were needed. Some of the activities included pumpkin bowling, create a mini book, pumpkin tic-tac-toe and a how-to-create a two-sided porch decoration.

## December

**Our focus for** December was centered around giving. We took the first part of the month to prepare cards for those without families, elderly, or in nursing homes. Later that month, we ended our Saturday Academy by giving out gifts to the students and children in our community that would not have had a present on Christmas Day. We had a lot of fun decorating cookies with MEC Principal Susan Doyle, writing Christmas lists to Santa, and having a visit from Santa and taking family photos with him. We also wished everyone a Merry Christmas and a Happy New Year, with expectations for an exciting 2018!

# HONORING AND REMEMBERING OUR BENNETT FRIENDS

There are many ways to remember and honor our Bennett friends. One way is through the Honor Garden and Memorial Walkway.

The garden plantings were expanded and two arborvitaes were planted. We were able to place eight more pavers and a memorial bench and tree before the weather turned. An additional six pavers will be placed in the Spring along with a new spruce tree to replace one that was toppled in a wind storm.

We had some problems with the engravers and we had to return several of the bricks to be redone due to errors. Our apologies to those who have been affected by these delays. We are working to get these pavers installed as soon as the snows melt.

There are plenty of bricks left to be sponsored. If you are interested in a brick (there are two sizes), a bench or a tree to honor or memorialize someone, please contact Neil Lange and he can supply you with more information.

## ANOTHER WAY...

PeeGee (Patricia) Tananbaum Coyle, '62 celebrated Carol Newman Caserta's, (Class of 1960) birthday with a donation to the Alumni Association in Carol's honor. What a great gift idea! Contact us for more details!
