Amazing Educational Initiatives Are Happening At Lewis J. Bennett High And We Are Able To Support Them

My Dear Bennett Alumni:

Happy New Year! It is with extreme pleasure and admiration that I am able to report that our beloved Bennett High School is doing great! Under the leadership of our Principal, Carlos Alvarez, Jr., and the faculty and staff, in conjunction with the Alumni Board and the Redesign Committee, amazing things are happening to return our school to an institute of higher education!

Morale at the school is impressively high and the students are more committed than ever to improving their grades and being in attendance. Because of this, we on the Board want to keep this momentum going. And, there is no better way to do this than to announce that because of your Annual Dues and other contributions, we have awarded over \$9000 in Mini Grants.

The Mini-Grant process begins with written proposals from the teachers requesting support for special projects, uniforms, field trips, etc. The completed proposals are reviewed by the principal and voted on by the Board. Many of these grants will provide our students with cultural experiences which sometimes are rare for urban students. Visits to theaters, museums or art galleries, are just a few of the activities your dues and contributions fund. For a list of many of the exciting programs and activities we have been able to sponsor, see Page 3.

No one of us can make all of these things happen alone. It's through our collective Annual Dues and contributions we make all of this support possible. For these reasons, I ask each of you to please pay your dues and continue to make your donations.

Principal's Update

BY CARLOS ALVAREZ, JR.

As we approach the end of the first semester, it is amazing how fast time is passing this school year. As I speak to many teachers and students, we often discuss how we are creating a culture of data-driven decision making, celebrating successes and innovation.

We continue to build upon our current partnerships, including our partnership with Google. Our teachers had an opportunity to attend a professional development seminar, delivered by representatives from Google that focused on creating an innovative culture. The professional development was extremely engaging, and we are currently incorporating elements of what we have learned.

As we work towards providing our students with the skills to successfully enter higher education and the world of work, we have developed a partnership with the Information Technology (IT) department within Buffalo Public Schools. Our students will have the opportunity to work side by side with

information technology specialists for the school district. Students will be able to receive training during the traditional class day as well as during an afterschool program. The students will also be exposed to experiences around the concepts of software development, hardware, and networking.

The entire Bennett school community celebrated our successes during the first semester by nominating and distributing Student of the Month awards for September, October and November. Each student that passed every course during the first marking period was invited, along with their family, to an Academic Achievement Celebration, where we "Celebrated their Successes"!

Our Bennett Football team had a tremendous season this year as we advanced to the Section VI Class AA championship at Ralph Wilson Stadium. Our Bennett Tigers finished the season ranked #5 in the Western New York rankings.

Our school has also benefited from the continued generosity of the Ben-

nett High School Alumni Association. The support of our Alumni Association has provided so much to our teachers and students in countless ways, including the following:

- Drawing pads for the Graphic Animation and Digital Design program
- Student achievement celebrations
- Field trips
- Classroom supplies
- Innovative clubs such as robotics and drones
- National Honor Society
- Bennett High School athletic team banners hung in the gymnasium
- Nearpod virtual programming
- Tiger Clothing Den

On behalf of the entire Bennett school community, I would like to thank all of you for your support, both financial and assistive!

Please follow us on Instagram. We often post pictures displaying our great school community. You can follow us at:

As always, *Optima Futura*; For the Best is Yet to Be!

Alumni Redesign Team at Work

*Lewis J. Bennett High School of
Innovative Technology
is Thriving
"Long Live Our Alma Mater"*

The Bennett Alumni Redesign

Team was formed in 2013 to save our school from conversion to a charter school. The members rallied the alumni, garnered political support, wrote a plan for a new incarnation of our beloved Alma Mater and, with the help of hundreds of supporters locally and around the world, prevailed.

Not only did your Alumni Association save the school, but the Redesign Team has also been present throughout the inception of the new curriculum at Bennett. Along with the study of traditional subjects familiar to all of us, i.e., Regents classes in English, math, science and social studies, students now take courses in innovative technology in preparation for career pathways in design, engineering, software development, robotics and much more.

There is a working partnership with Google whose representatives regularly come to Bennett. Old memories and traditions have joined with a new curriculum to create bright futures for students in cutting-edge technology.

The Bennett Alumni Redesign Team sees its mission as one of advocacy for current students. The members meet with Buffalo Public School administrators and Superintendent Cash as the need arises. Your Alumni Redesign Team joins with them in building Bennett into a premier school in Buffalo. The team has been present at each step in the process and will continue its work until the full program has been implemented.

Bennett students are also working on technology skills with their teacher Mr. Khalil Cottman and other staff to participate in the ECC Teach Wars. Erie Community College mentors assist students in designing, building and programming robots to compete in head-to-head challenges. Mr. John Vella - Teacher, Administrator, Friend

John Vella touched lives and left his mark on the world forever. His extraordinary life and mythical personality will be deeply missed. Mr. Vella was truly one-of-a-kind.

Mr. Vella taught science at Bennett from 1969 until 1985. He was always more than a teacher. He mentored innumerable students; changing lives forever! In 1986, Mr. Vella

became Assistant Principal at Bennett. The following year, he was appointed Principal of Riverside High School where he became a legend until his retirement in 2004.

Mr. Vella was a founding member of the Bennett Redesign Team and a valued Alumni Board member. We have all been made better by knowing our dear friend, John Vella.

Football is AA Regular Season Winner

Congratulations to Coach Stevenson McDuffie, assistant coaches and staff and a fantastic group of football players for another successful season. The team won the AA regular season, only to lose to Lancaster in the playoff finals. Our Tigers beat Lancaster in regular season play, when Lancaster was the number one ranked team in New York State.

Next year looks very promising. It will be our first year having Lewis J. Bennett seniors on the roster. Alumni support has been very beneficial to our sports teams. This includes recent graduates who our students look up to.

The Bennett Sports Hall of Fame Committee again invited coaches and players to attend this year's induction ceremony. The legacy continues.

Isaiah McDuffie, a former Bennett Tiger, recently had an article printed in the Boston Herald. He is now a linebacker on the Boston College Football Team. This article mentions Bennett High School. YES!!!

We will be celebrating our success at a banquet in the Spring!

Soccer is Alive and Well at LJB

Coach Mary DelSignore returned for her 15th year coaching soccer. The Middle Early Kats combined with Bennett Tigers to compete during the 2018 Fall Girls Soccer Season. Coach Del brought back two former captains, Abdi Maalim, '14 and Jedidiah Gallagher, '15, to assist her.

The team started practice on August 13th and worked every day on conditioning, soccer skills, and game speed scrimmages. Practices were fast paced and very energetic to simulate real-game scenarios. The team had a fantastic season, finishing with five wins out of eight games. They earned Second Place in the Buffalo Schools B2 conference.

This was a competitive group who always came together on game day. Their passion and never-quit attitude earned them respect around the league as one of the most competitive and well-rounded teams.

Former player and assistant coach Jed Gallagher could see the hard work paying off as well. "I am so proud of this team. They had some struggles and they had some obstacles, but they stuck together and united as a team to win some really tough games. They represented themselves and the Bennett Community very well!"

Senior Amari Burch had a breakout season scoring eight goals and five assists that landed her a spot in the Buffalo Schools Top 10 Point scorers.

The defense was also "no joke" as they allowed the fewest goals scored in the entire city. Only twice did an opposing team score more than one goal in a game.

Coach Del was a leader for the girls. Along with her staff, Coach Del instilled values that will carry from field and into life. Great Job Ladies!

1953 Class Reunion

BY ROBERTA ALLBERT DAYER, '53

On September 23rd at 10:30 a.m. at Milo's Restaurant in Williamsville, approximately 30 "seniors" gathered to celebrate and remember their happy days at Bennett High School from 1949 to 1953! That was a long time ago! They were enthusiastically greeted by Reunion Chairman Bill Klein, in his white cardigan letter sweater with the Bennett "B" on it. We all wished we were as well preserved as the sweater!

David and Roberta Rose Essrow had set up a presentation from the 50th reunion which awakened fond memories. Dr. Lenny Katz, Class President, welcomed everyone and Bill Klein, who brought the event to fruition, captured some of our favorite school events.

Mike Davis, who came all the way from Florida, circulated cheerfully with his not to be forgotten friendliness. Mike would like to hold a reunion every year! We naturally were saddened by the absence of many of our classmates, either due to death or illness.

Nonetheless, we rejoiced that we were able to celebrate the past, present and future of our Alma Mater. The Brunch and Annual Meeting which followed, vividly demonstrated the exciting promise of our school.

We thank the committee, including Joyce Edelman Greenspan, who hosted the planning sessions, and Liz Mattis Freedman, Elaine Horowitz Witkin, David and Roberta Rose Essrow and Bobbi Allbert Dayer, for tracing and calling all our classmates.

We set another record for Reunions! See you at our next reunion!!!
